

The Ranch serves boys, ages 12-17, who need intensive outpatient therapy in a residential setting. Our clients need a level of care that is higher than intensive outpatient therapy alone. Our services include:

- Intensive Outpatient Therapy from Crossroads Center
- Individualized Treatment Plans
- Housing
- Food
- Oversight of schooling
- Life Skills Classes
- Recreational & Leisure Activities
- Team Building Activities
- Nutritional Classes
- 12 Step Program
- Mentoring Program

Our history. . .

For 41 years, The Youth Ranch has provided group home living to at risk, troubled and homeless boys. In 2015, The Ranch decided to change their focus to serve children with substance abuse issues. Substance abuse is at a critical, all-time high. After years of helping hundreds of children, the Ranch has decided to take their years of experience, their top-notch facility, and their trained staff to try and meet the needs that are plaguing our youth today – substance abuse.

A man without a future will always return to his past. At the Youth Ranch, we will help each client discover a new path for their future!

**Our partner. . .
Crossroads Center of
Frederick**

We are partnering with Crossroads Center of Frederick, to provide Intensive Outpatient Therapy for substance use/abuse/addiction and individual and family therapy services to clients that reside at The Youth Ranch.

Crossroads believes in treating the mind, body, and spirit. They follow the 12 step program as a set of guiding principles to outline the course of action for recovery. Because addiction is often caused by underlying emotional and mental issues, they treat not only the addiction but the underlying causes. Crossroads' staff is a multidisciplinary team that will assist through every step of the path to recovery. Each of their team members add strength and expertise to your child's individualized treatment plan.

Outpatient treatment and relapse prevention programs will continue to be available to individuals after they leave The Youth Ranch.

The Crossroads Center is accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) and licensed by the State of Maryland.
